

REMARKS

This responds to the Office Action mailed on May 4, 2007.

§103 Rejection of the Claims

Claims 1-31 were rejected under 35 U.S.C. § 103(a) as being unpatentable over Pettey (U.S. Published Patent Application No. 2003/0014544) in view of Moore et al. (U.S. Patent No. 7,000,015).

Applicant has provided attached herewith, a Rule 1.131 declaration showing prior invention and reduction to practice of all of the elements of the claims of the application prior to the filing date of Pettey on February 15, 2001. In view of the rule 1.131 declaration, the Pettey reference is no longer applicable, Applicant respectfully submits that the rejection of claims 1-31 has been overcome, and that claims 1-31 are in condition for allowance.

RESERVATION OF RIGHTS

In the interest of clarity and brevity, Applicant may not have addressed every assertion made in the Office Action. Applicant's silence regarding any such assertion does not constitute any admission or acquiescence. Applicant reserves all rights not exercised in connection with this response, such as the right to challenge or rebut any tacit or explicit characterization of any reference or of any of the present claims, the right to challenge or rebut any asserted factual or legal basis of any of the rejections, the right to swear behind any cited reference such as provided under 37 C.F.R. § 1.131 or otherwise, or the right to assert co-ownership of any cited reference. Applicant does not admit that any of the cited references or any other references of record are relevant to the present claims, or that they constitute prior art. To the extent that any rejection or assertion is based upon the Examiner's personal knowledge, rather than any objective evidence of record as manifested by a cited prior art reference, Applicant timely objects to such reliance on Official Notice, and reserves all rights to request that the Examiner provide a reference or affidavit in support of such assertion, as required by MPEP § 2144.03. Applicant reserves all rights to pursue any cancelled claims in a subsequent patent application claiming the benefit of

priority of the present patent application, and to request rejoinder of any withdrawn claim, as required by MPEP § 821.04.

CONCLUSION

Applicant respectfully submits that the claims are in condition for allowance, and notification to that effect is earnestly requested. The Examiner is invited to telephone Applicant's attorney at 860-673-4963 to facilitate prosecution of this application.

If necessary, please charge any additional fees or credit overpayment to Deposit Account No. 19-0743.
